The Agway Unsplottable Challenge!

Between 11:00 am and 2:00 pm on September 29, 1993, any adult male or female over the age of 18, at the Agway Midstate Office, 946 State Route 3, Utica, New York, will be able to try to successfully cut through a piece of wood using a Classic Line of Agway Horizontal/Vertical Log Splitters. The Agway Classic Line of horizontal and vertical log splitters are specially designed to split logs through a process of hydraulic pressure, reducing the time and effort needed to split large logs. Agway Horizontal/Vertical Log Splitters are ideal for heavy-duty use and are designed to handle large logs with ease.

To participate, simply visit the Agway Midstate Office on September 29, 1993, between 11:00 am and 2:00 pm, and attempt to split a piece of wood using an Agway Horizontal/Vertical Log Splitter. If you successfully split the wood, you will receive a prize.

For more information, call 1-800-436-4367 Ext. J-4196.
