## Lackawanna Mohawks Hold Big Cazenovias To 18 Points Score

### STEEL CITY ELEVEN THROWS SCARE INTO BISON CHAMPS—HOLD 'EM TO ONLY THREE TOUCHDOWNS IN FOUR LONG QUARTERS—ONE LOCAL BOY BADLY INJURED.

The Mohawks of Lackawanna put up a good game against the big Cazenovias of Buffalo last Sunday, holding them to a trio of touchdowns in four quarters of spirited play at Canisius Villa. The contest was marred by an unfortunate injury to Letfers, left guard of the Steel City eleven, who sustained a compound fracture of the leg during the third period. A crowd of 2000 witnessed the contest.

Darby Flannagan went over for the initial touchdown in the first quarter. In the second period, Harvey Yates snared a forward pass from Wright and sprinted 25 yards for the second touchdown. Held scoreless in the third quarter, the Cazenovias came back with renewed energy in the closing session, again driving deep into enemy territory, and once more Flannagan plowed over for a score. Lineups and summary follow:

OCTOBER 11, 1927 LACKAWANNA HIGH SCHOOL VOL. 1 NO. 1

### LACKAWANNA VS. BENNETT

Lackawanna High School chose Bennett High of Buffalo as their opponents for the opening football skirmish. The game was played before 2500 spectators, every one of whom expressed the opinion that they had seen a real game of football. Our boys played the Buffalo team on fairly even terms the first quarter but due to a break Bennett was able to garner a touchdown in the second period. In order to give his regulars a well-needed rest in the third period Coach Joyce mustered his seconds together and pitted them against the well oiled Bennett machine in the third quarter. Bennett managed to shove over a touchdown on the novices. As the whistle blew for the final quarter the regulars again took their positions and the results of the rest were evident. The line smashing of Bukaty, off tackle thrusts of Hefler and the thrilling end runs of Decker brought all the spectators to their feet. By far the most spectacular play of the game was Harold Decker's forty yard run for a touchdown. Bukaty's toe hit the ball squarely for the point after touchdown, which made the final score, 14-7 with Lackawanna on the short end. Every one of our boys is to be commended for the gentlemanly conduct he displayed in the field. The prestige we obtained can be understood from the fact that Coach Vost of Bennett wanted our assurance that we would again face Bennett next season. On Saturday October 15, the boys journey to Lockport to match their wits and put their strength against the Canal City boys. Bennett 0 7 7 0—14  
Lackawanna 0 0 0 7—7

### THE GENIUS

His thoughts were slow—his words were few and never formed to glisten  
But he was a joy to all his friends,  
You should have heard him listen.

### IMPORTANT

Senior Election will be held the latter part of this week.

### A FAMOUS DATE

"Can you give me any well known date in Roman History?" asked Mr. Osborne.  
"I can, teacher," said a Soph.  
"Anthony's with Cleopatra."

Believe it or not there is a student at Lackawanna, who wanted to know how many innings in a baseball game.

Some "Home Made Apples Pie" we ate in a restaurant the other day must have been made in the Home for Aged and Feeble Apples.

### BUSINESS FIRST

A Hebrew stork-keeper lay dying. His family was gathered around the bedside. His wife was trying to rouse him.  
"Look, Isaac," she said, "I've're all here—me your wife, and all her children, Jakey and Mosey and Benny and Rachel and Rebecca. Look, we're all here."  
The dying man opened one eye.  
"Is dot so?" he asked, "And who is minding der store?"

The kindest hearted man in the United States has been discovered. His cat has a habit of sleeping in the coal bin, so he had it filled with soft coal.

### "DOIN'S AT SCHOOL LAST WEEK"

Last week we enjoyed two assemblies of unusual interest. On Monday, October 3rd, Miss McCurdy thrilled the assembly with readings from well-known "Les Miserables" and a history of the composition of Beethoven's "Moonlight Sonata." We were then favored with two humorous selections.

Miss McCurdy was ably assisted at the piano by Miss Riggs, head of J. N. Aram's Music Department. Miss Riggs also rendered two beautiful solos with marked skill. It is our ardent wish that we all hear from Miss McCurdy and Miss Riggs in the near future.

The Athletic Assembly held on Friday October 7th was one of the most interesting we have had. It showed that at last we are on the road to the creation of a greater school spirit. Mr. Boland and Mr. Osborne delivered inspiring addresses on School Spirit.

Miss Mescaill and Mr. Osborne have given much of their time and labor to the formation of the Association and incidentally the "ATHLETIC WEEKLY." We should show them our appreciation of their efforts by arousing ourselves to the fact that this is our school; that the Lackawanna High School Football Team

is our team; and that it is our duty to do all within our power to spur them on to greater efforts. Do your bit by subscribing for the paper. Don't be a Skekker!

### ELECTION OF OFFICERS

The Association has elected officers well qualified to fill their positions. President Ted Balbierz, also manager to the Football Team, has proven himself a capable leader. Our Vice President: Stanley Bukaty a star athlete, is just the man for his office. Recording Secretary "L.N." Coughlin ranks high in scholastic standing and is popular throughout the school. The office of Financial Secretary has been placed in the very capable and efficient hands of Henry Rosinski. Joe Kane is truly deserving his office of Treasurer for it was he who persuaded the School Board to advance \$500 for athletic purposes.

With the ardent and enthusiastic assistance of Miss Mescaill and Mr. Osborne, and the work of our officers coupled with the united efforts of the student body, we should be

able to accomplish great things this year.

The following were chosen to the executive committee with the approval of the faculty:

Senior, Ed. Zolte; Junior, Isabelle Melant; Soph., Frank Rustich; Fresh, Helen Slika.

The cheer leaders for the following year are Minnie Weinstein and Ed. Zolte. They have the outstanding characteristics necessary for cheer leader, personality school spirit.

Just do a thing an ddon't talk about it. This is the great secret of success in all enterprises. Talk means discussion! discussion means irritation; irritation means opposition; opposition means hindrance always whether you are right or wrong.

I don't know yet  
What school's all about.  
But I'll just sit still  
And puzzle it out.

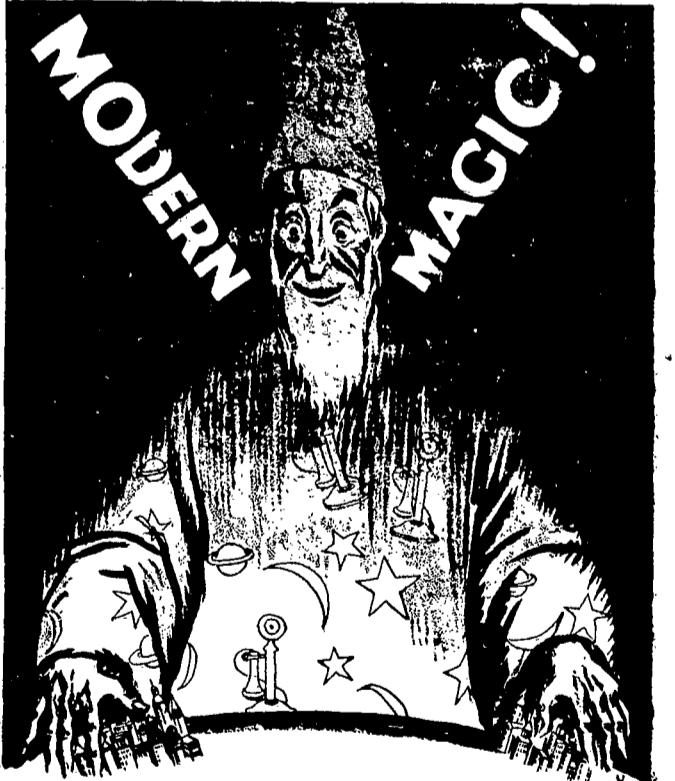

AID TO SMOKE-EATERS

Oil-burners are doing much, and will do a great deal more, to reduce America's tremendous losses from fire according to C. V. Williams, of Bloomington, Ill., president of the Williams Oil-O-Matic Heating Corporation world's largest makers of oil burners.

"Twelve thousand lives and more than \$500,000,000 in property were lost last year, the tremendous toll of fire in this country," said Mr. Williams. "Three-fourths of home fires are from roof and chimney sources, avoided when oil is burned. In Lansing, Mich., of 378 fires reported in five months, 178 were from wood or coal blazes. None was caused by oil.

"Those who are responsible for Fire Prevention Week use it to draw national attention to the importance of curbing our immense fire losses. The tragedy of it all is that probably 90 per cent of our fires are preventable. Losses are much lower during the month of our annual prevention week. John O. Gambler, Illinois state fire marshal, points out that oil burners do much to reduce fire risk. Their safety features are so well recognized that oil burners are used in many fire houses, Seattle, Wash.; Newport, Vt.; Hoquiam, Wash.; Boston, Pittsburg, Kansas City, Mo., and Elmhurst, Ill., being just a few instances. For even greater safety considerations they also are widely used in hospitals, sanitariums, orphanages and schools, where many lives are entrusted to the care of the authorities."
