THE U.S. CONSUL.

The English members of the Joint High Commission visited the State Department and were introduced by Mr. Edward Thurlow to Secretaries Fish. An informal and entirely personal conversation ensued. They will be introduced to the President today, but no statement of the results of the present meeting can be made until on Monday next, but it will be understood that they were met by Senator Bertrand, Chairman of the Judiciary Committee, who is understood to be favorable to the proposed Bill. The present situation is very critical, and the committee will be kept in touch with the developments.
