
Makes Cooking Easy

Any Time Is Baking Time With A Glenwood

The Easy Rolling-Twin Grate Bars, neatly geared to roll forward or back, so quickly clean and brighten the old fire that perfect baking can be done at any time—morning, noon, or night.

The Marvelous Glenwood Oven, surrounded by hot air chambers is under perfect control, and can be uniformly heated to the moderate temperature of 300 degrees for the most delicate cake, or quickly advanced to the correct biscuit heat of 450 degrees.

This is made possible by the Glenwood Balanced Oven Damper and the Patented Glenwood Indicator that accurately registers the heat already in the oven and tells at a glance whether to open or close the sliding air valve. It's so plain and easy a child can understand.

Call and See Them and you will understand more about why a Glenwood Range "Makes Cooking Easy"
