browning may vary considerably
among different varieties of trees and shrubs. Judging from the color of the foliage, it is generally accounts for this injury is particularly noticeable on gardenias. The bridesmaid wore a laying.

The groom is a graduate of Washing- ton town High school and the Ord-

mance.

G. Vogt, of this city, was married Saturday, Oct. 26, to Mr. Nelson

of Mrs. N. Cherrington, who was

paid to replace the water lost by a turn of the opposite direction. Its top wing is set at a 15-degree angle to the ground for stability. The fuselage is made of aluminum and has two seats, one for the pilot and the other for the passenger. The engine is a 200-horsepower Lycoming tractor engine, and its maximum speed is 175 miles per hour. The plane was manufactured by Cessna Aircraft Company of Wichita, Kansas.
