The departure of A. L. A pleasant home wedding took place at 8 o'clock last evening at the house of John E. Huron, Jr., 103 Park avenue. The groom was Alfred Lindsay Oastler and the bride Miss Eva Marcella Walsh, daughter of Thomas L. Walsh, Rev. Dr. Schulte of St. Luke's church performed the ceremony. Mr. Oastler is the eldest son of Richard W. Oastler of this city and is engaged in business in Geneva, where he and his bride will make their home. Both the young people grew up in St. Luke's parish and were among the faithful workers of the society. A large number of handsome presents attended the ceremony in which they are held by their friends. A collation was served after the ceremony and at 10:30 the young people left for Niagara Falls.

SOME FOOTBALL PLAYING.

The Local Team Getting Ready for a Campaign.

Arrangements have been made for a game of football between the teams of Hobart and the Geneva High school to be played on the college campus next Saturday afternoon at 3:30 o'clock. Both teams have been in practice for some time and expect to put up a lively game.

The High school team is composed as follows: Murray Condit, c.; Gerth Coleman, l. g.; Thomas Wright, r. g.; Fred Wilson, l. t.; James Hanlon, r. t.; Charles Hammond, l. e.; Arthur Snell, r. e.; Dean Attwood, c. p. t.; Ed. Hershey, l. h. b.; Will Zebert, r. h. b.; Arlene Morrison, f. b.; Thomas Cursey and Frank Smith, substitutes. The team is considered a strong one and promises to make a record.

A series of games has been arranged by the manager of the High school team, Fred Hammond, which up to the present time are as follows: Aurora at Geneva, October 5th; Aurora at Geneva, October 19th; Seneca Falls at Geneva, November 2nd; Seneca Falls at Seneca Falls, November 16th.

TEA TABLE TOPICS.

It seems singular enough that the classes of Hobart are still devoted to the perpetuation of that archaic custom, known in collegiate parlance as a caucus. It is understood that efforts were made to put an end to the practice, but notwithstanding the efforts of yesterday in its annual profraternity. What the results establish, beyond a doubt, are that the caucus is a thing of the past. Many colleges have long since abolished the practice and are the better for it.

The revival of an interest in football in town shows itself in the contests arranged between the High school boys and some others to take place soon. The game is a violent one and its playing is attended with considerable danger. As the game is carried on it cannot be said to appeal to any pleasant emotion on the part of eyewitnesses, and surely there are produced no evidences of beneficial results to the participants. It is at best a fool-hardy game, and ought to be ostracized.

Ladies' Trolley Day, Next Saturday.

Regular prices.

HIS TONGUE CUT IN TWO.

Claude, the six year old son of Stanley Harris, met with a serious mishap on Wednesday afternoon. He was playing with his companions on the High street school grounds, when he stumbled and fell, striking his chin in such a way that his tongue protruding from his mouth, was cut nearly in two by his teeth, and hung only by a hair of flesh. He bled profusely, and was rendered unconscious. A doctor being called soon staunches the flow of blood and secured the tongue in position. At last reports the boy is doing well.

Indeed they are just the thing, these new fur capes just come. 100-5 ROENKE & ROGERS.

OUR CITY COUNCIL.

Special Business Meeting Last Evening.

AN APPOINTMENT MADE

Police Commissioner Attwood's Resignation Accepted, But His Successor Was Not Named.

A special meeting of the board of trustees was held last evening. There were present President Herendeen and Trustees Moore, Hawkins, Humphrey, Hennessey, Schirel and Hofmann. The minutes of the last meeting were read and approved.

Mr. Maxwell appeared before the board in reference to the walk on Castle street in front of his property. He said it was an unfortunate time to judge his walk, the time the committee had visited it. Tomorrow it would be different. It was a better walk than had been there since 1879, and was better than many of

THE BRICK WALKS

he had travelled over in coming to the meeting. "It is a suburban walk," said Mr. Maxwell, "and as good as any near it." He desired to put in a good gravel walk and asked the trustees to consider the subject again.

Mr. Herendeen said he saw the walk before and after the rat. The walk from Oak to Brook street was better than the walk beyond it; from Brook to North were the poorest walks of all. Mr. Herendeen moved that Messrs. Maxwell and Smith be ordered to lay either flag or cement walks. He did not think the walks in question were in the suburbs.

Mr. Maxwell replied that "two to one" walked on State street and plank walks were tolerated there. Mr. Moore said it was not proper to ask women and children to leave their clothing by passing over such a walk. "You order others to lay flag or cement walks; why not Mr. Maxwell? No walk made of asphalt to walk on. Mr. Lydon has a fair, passable brick walk, yet you walk over it." Mr. Maxwell thought Mr. Moore would change his mind when he saw the walk again, and hoped to see the day when the trustees would not order walks just because "some neighbor wanted them and said Mr. Maxwell or somebody else is able to pay for them." The board he thought should use

THEIR OWN JUDGMENT.

Mr. Schirel said the walk was in a bad condition when he examined it, but it was better now. "I packed after the wet weather." He asked that time be given Mr. Maxwell "to see how the lot would improve." If it did not improve then it would be all right to make him lay a new walk. Mr. H. H. H. said he had seen and it was nearly as hard as cement. Mr. Hawkins said it was one of the worst walks in Geneva. Poor people on William street are compelled to lay walks, and Mr. Maxwell should not complain. After a protracted argument it was agreed to defer action for a week. Messrs. Moore and Schirel agreed to inspect the walk at 11:30 to-day.

John Lydon wanted to know what was the matter with his walk. It had cost him \$100 and was in good condition. The walk of his neighbor, Mr. Halberbeck, was too high. Mr. Moore moved that the trustees of that ward examine the condition of the walk. Mr. Herendeen said he wanted to be put on record again for this, but he did not think the board had a right to order a man to take up a walk that was in good condition. The committee agreed to make an inspection at 11 a. m. to-day.

Mr. Moore reported on the paving of the square at the junction of Castle and Exchange streets, to the effect that the contract had been let to Cole & Emerick. They were the

LOWEST BIDDERS,

and the conditions, to be complied with in the execution of the contract, were similar to those exacted from Mr. Hennessey in the Main street job. Mr. Hennessey said that, when he gave his figures to Moore, he intended them as an estimate not a bid. "The bids," he said "ought to be put in writing." Mr. Moore said he hoped nobody thought there was any crookedness in the matter.

The board had passed a resolution to let the work to the lowest bidder, and the committee could not do otherwise inasmuch as Messrs. Cole & Emerick were the lowest.

Mr. Hennessey, who was present, said he had told Mr. Moore he would do the work for \$1,000, but this was not a bid; his bid was put in afterwards. Mr. Herendeen asked for the reading of the resolution. "The clerk read it. Mr. Herendeen said the committee could not have done otherwise. He did not want Mr. Hennessey or Mr. Cole to think that either of them had a

MONOPOLY ON PAVING.

Work of that nature should be given to the lowest bidder. Mr. Humphrey explained in a satisfactory manner how the contract came to be made. He hoped that no member of the

board would think he acted unfairly.

The committees on Rose street, West street and Nursery Avenue walks, and Lewis street cross walks asked for another week. Granted. Mr. Hawkins said the village attorney was looking into the matter of the extension of Avenue B.

TROLLEY DAY IN GENEVA.

The ladies will have the use of the Electric Road.

By arrangements made with President Craig, of the Electric Railway company, to-morrow, should it be pleasant, will be a gala day for Geneva. It will be a ladies trolley day. That is to say, the cars on the entire city system, and one car between Geneva and Waterloo, will be operated to-morrow, from 8 in the morning until 7 in the evening, by the ladies for benevolent purposes, the entire receipts above operating expenses to be retained by the ladies.

It is provided that a march shall occupy each car as chaperon and that the fare shall be collected and rung up by a young lady, who has charge of the whole affair on her trolley trips. It is expected that her party will, in the interest of the cause, will be gotten up by the friends of those concerned in the enterprise and outings be generally taken, especially by the young gentlemen friends of the fair conductors. It is understood that, if it should rain, the event will be deferred one week.

The ladies who are managing the affair are entitled to a good deal of credit for what they have done, as also will be the young ladies upon whom a very severe task will fall to-morrow. Mr. Craig, in behalf of the company, has paid to the ladies of Geneva a most noble compliment in extending to them the courtesies of his road on such liberal terms and in so generous a spirit. The event will be a novel one for the town, and will be complimentary and creditable all around.

ENFORCE THE ORDER

as to gates and the village attorney will be instructed to proceed forthwith.

Mr. Humphrey spoke of the bad condition of the walks on Geneva street south of and near the bridge. Upon motion it was agreed no order Messrs. Hemph, Rice and Glanville and Mrs. Moore to lay walks of flag or cement.

Mr. Herendeen introduced the question of appointing a sewer commissioner, to fill a vacancy which existed in the board and expressed a hope that the trustees would act wisely in the matter. His preference was for Mr. Huke. Upon motion of Mr. Hawkins the board went into executive session. By consent of the board, the TIMES reporter, the only one present at the meeting, was not excluded. Mr. Hofmann expressed the opinion that, in as much as the papers of Messrs. E. W. Herendeen and C. E. Coon had not been signed by the trustees they therefore were not yet sewer commissioners, and three vacancies existed instead of one. He therefore moved to reconsider the action of board as to the previous appointment of Messrs. Herendeen and Coon. The motion was not seconded.

Mr. Moore moved to ballot for the one necessary. On the first ballot C. H. Huke received four votes; R. Schirel, one. On the second ballot C. H. Huke received five; A. M. Hennessey, one and H. A. Zebert, one. Mr. Huke was declared elected and his appointment received the necessary signatures.

Clark Xares read the resignation of D. F. Attwood as police commissioner. Four ballots were taken. On the first W. G. Dove received three; J. R. Vance, three and H. A. Zebert, one. On the second W. G. Dove received three; J. R. Vance, three and E. N. Squires, one. The third resulted the same. The fourth ballot was as follows: C. F. Leonard, two; J. R. Vance, two; W. G. Dove, one; C. S. Colington, one and Dr. C. D. McCarthy, one. Upon motion of Mr. Hawkins the meeting adjourned.

Following are the bills audited:

A GREAT SUCCESS.

There are many remarkable successes on the road this season, but none exceed the popularity enjoyed by the latest New York success "She Couldn't Marry Three." Press and public accord it an ovation whenever presented. The scenic effects are superb, the story an intense and interesting one, unlike the many unseasonable and unamusing plays with which the public are surfeited. It is full of beauty, laughter, bright and catchy music, the most sensational climaxes. The company is one of the strongest on the road.
