DEATH OF DAVID BARRON.

At the Age of Ninety-Five Years He Passes Away. Announcement is made of the death of David Barron at his home in Seneca last night, at the age of 95 years, after an illness of eight weeks. Up to within four years of his death he had not been sick a day, and was always distinguished for his robust health. He was well known in Geneva, for he had lived 58 years on the farm where he died. Mr. Barron was born in Northumberland, England, on August 15th, 1800, and during the same year came to America. With the exception of 11 years spent in California and Bath he has lived in this vicinity. In 1829 he was married to Mrs. Sarah Shaddock, in Scottsville, Monroe county, who died four teen years ago. He was the father of four children, none of whom are living, and is survived by several near relatives one of whom is W. J. Barron of this place. The deceased leaves a large estate. The time of the funeral service is not yet been announced. Mr. Barron was a man most highly esteemed in the neighborhood, and had lived here longer than any foreign born known in the state. He has a large acquaintance by whom his death will be lamented. Be sure and see the funny comedians with Lillian Kennedy Company. New songs, dances, every night.

IN ANNUAL MEETING.

Proceedings of the Central Conference, METHODISTS IN SESSION.

Address by Bishop Andrews Before Candidates for Admission to the Conference Given Yesterday.

The second day of the Central Conference of the Methodist Episcopal church, now in session in Newark, was opened yesterday by services conducted by the Rev. John B. Foote, of Syracuse. At 9 o'clock Bishop Andrews, the presiding officer, took the chair. The roll was called by the secretary and the journal was read.

Presiding Elder Blakeslee offered a resolution adding a new rule to the rules of the conference, requiring that all candidates for membership coming from either denominations or on certificate of location, be required to be passed upon by the entire board of presiding elders before being received. After discussion the resolution was unanimously adopted. It is understood that some unworthy man gained admission to the conference a year ago on a certificate of location, and this rule is intended to head off any repetition of such mistake.

The Rev. Dr. W. V. Kelley, D. D., editor of the Methodist Review, was introduced and spoke briefly in the interests of the magazine which he edits. A committee was elected to take into consideration the subject of a reunion between this and the Genesee conference, now in session in the city of Rochester, consisting of A. Copeland, C. E. Hamilton, E. M. Mills, S. F. Sanford and W. H. Annable. Dr. J. E. C. Sawyer, editor of the Northern Christian Advocate, was introduced, and spoke of the many improvements made in the paper and still others contemplated. Dr. Sawyer is very popular and his appearance was greeted with cheers.

Chancellor Day, of Syracuse University, was introduced and said: "I am here to represent Syracuse University, notwithstanding a leading paper published in Syracuse said yesterday that my connection with that institution was soon to terminate, as I was to take charge of the diocese of Central New York." The conference greatly enjoyed this blunder of the newspaper man, which revealed utter ignorance of Methodist law, and greeted the chancellor's statement with long continued laughter and applause. "My work is to be given to Syracuse University," said Dr. Day. His address lasted half an hour and was frequently interrupted by applause. The Rev. Dr. Van Beuschooten, of the Newark conference was introduced.

The following candidates for admission into full connection in the conference were called to the altar and addressed by the bishop on the duties and honors of the ministry: Alfred J. Saxe, Frank S. Ritter, George H. Halgh, Philip H. Riegel, Albert E. Hall, Arthur W. Battel, Albert F. Fenton, Marcus T. Maus, Charles F. Allen and Ward Mosher. In the course of his remarks Bishop Andrews exhorted the young men to be good preachers and helpful to the church. He said "Paul was a fisher of men." Some preachers are not skillful fishermen. It seems sometimes as if they get a big club for a pole, a big hook and throw it out with a splash and in such a manner as plainly says, "Blite or be damned." The candidates answered the usual disciplinary questions, and upon recommendation from examining committees and presiding elders, they were admitted into full connection and elected to deacons' orders. Victor S. Britten was elected to deacons' orders and continued on report.

The report of the commission to consider a plan for the better sustenance of superannuated was read by the secretary. This gave rise to considerable discussion. Several amendments were offered, and while the question was pending, Dr. L. C. Queal moved as a substitute for the whole matter that the \$10,000 be directed to distribute the funds this year on the old plan. The entire business of the conference has not proceeded as rapidly as usual. None of the districts have been called for reports and passage of character. At the anniversary of the Freedmen's Aid and Northern Education Society this evening the Methodist Episcopal church was crowded to the doors and nearly standing room all being taken. The unanimous audience was composed of citizens attracted by the fame of the speaker. The Rev. George Britton presided, and Rev. J. F. Foote offered prayer. The secretary, Rev. F. H. Decker, made a report which showed that the churches had contributed for this cause this year \$1,825, a decrease over the contributions of last year of \$249. Dr. J. W. Hamilton was the orator of the evening and spoke for an hour or more, speaking without notes.

Oulehan's regular fall opening will be on Thursday, Oct. 3rd. Ladies patent leather ties given away free of charge. 107-1f

TEA TABLE TOPICS.

The fact that several false alarms of fire have been given of late and the department has been called out unnecessarily at an unseasonable hour of night ought to convince any one that a signal box should not be rung without every assurance that a real fire exists. It is a considerable item of expense to send out an alarm, and besides it is not treating the members of the several fire companies just right to call them out unless there is absolute need of their services. False alarms tend to shake the confidence of an average man in the genuineness of a call, even when there is pressing need.

It has been asked, now that a re-organization of the police commission has been effected, if the board can be depended upon to maintain the best interests of Geneva in carrying out the existing laws to which public attention has been called. It is always just to assume, however, that a body of officials will do their duty and then give them a fair trial before condemnation, and there is no reason why an exception should be made in Geneva. The commissioners, of course, have grave duties to perform and their official acts will show how seriously they regard the trust reposed in them.

FIRE THIS MORNING.

Caused by a Gasoline Stove Explosion, IN THE FAIRFAX BLOCK.

Building Saved by the Presence of Fire Buckets Which Were Put to an Immediate Use.

The fire department turned out on a still alarm at 10 o'clock this morning. The run was caused by a fire in the Fairfax block, corner of Castle and Linden streets.

Mrs. Forrest D. Alford, who lives in apartments in the block facing on Linden street, was coming from the hallway into her dining room. As she opened the door she heard a loud explosion. Immediately the rooms were filled with dense smoke. Mrs. Alford gave the cry of fire and summoned help immediately. She had the presence of mind to seize a pail of water and dash it on the flames which were issuing from a small room adjoining the dining room, and which is used as a kitchen. The building is supplied with fire buckets and these Mrs. Alford and George W. Harper, who was near at hand, used with good effect. They had the fire out before the hydrants, despite their promptness, could lay a line of hose. The fire was caused by the explosion of a large gasoline stove. It communicated to the floor and woodwork of the room and was making good headway into the dining room. The loss will not exceed \$100. Had it not been for the presence of the fire buckets, with which the building is liberally supplied, the damage would have been much greater.

CORRESPONDENCE.

VICTOR, Oct. 4. - A few weeks ago the board of trustees of the village of Victor passed several ordinances which were directed especially at two billiard, lunch and pool rooms which were being conducted in a manner which plainly violated the law with regard to blinds, curtains or any obstruction which would hinder a free view of the interior of the room from the outside. The several proprietors apparently acquiesced in the demands of the trustees and the blinds were thrown open, curtains taken down and the soap washed from the windows. As a result trade fell to an amazing degree at once, as many who had made it a practice to frequent these places did not now care to be seen there. It was supposed that affairs were settled for good, but a few days ago Frank Underhill, who runs one of the rooms in the Walton block, announced to the board his intention of closing his blinds again and keeping them closed until compelled to open them by process of law. The board promptly accepted the challenge and as the blinds have been closed for some evenings will proceed to compel Underhill to comply with the law bringing legal action against him if necessary.

WATERLOO, Oct. 4. - The October meeting of the Waterloo corporation board was held on Wednesday evening, all being present but President Day and Trustee Sweet. J. C. Fillingham occupied the chair pro tem. Some \$400 in bills were audited and a doctored paid. The water bill of \$1,050 was deferred. The clerk reported the sum of \$1,300 in the treasury with \$5,000 taxes due, and the tax book was ordered extended for thirty days. The quarterly report of Police Justice Marshall was presented, showing that from July 1st to October 1st he had received the sum of \$71 in fines and \$350 costs, a total of \$420. There was due him on his salary a balance of \$22.50 which the board ordered paid. William Menzer presented a bill for \$35 for damages resulting in driving his horse onto a pile of cobble stones on Main street, at 11 o'clock on a dark night, while the electric lights did not burn. The bill was laid over for a full board to act upon.

CANANDAIGUA, Oct. 4. - Yesterday afternoon on Henry Theodore Shiller, the ex-Red Man and landowner, pleaded guilty to the crime of petit larceny, in defrauding Oule Tribe, 290, of Canandaigua out of \$10. He was sentenced to serve three months in the Monroe County Penitentiary. He was inclined to stick to his former plea of not guilty and stand trial; but Luther S. Lake, Chief of Records of Canochet Tribe, of Lyons, produced warrants for Shiller's arrest. Shiller then withdrew his former plea. Shiller was very penitent and acknowledged his guilt, but said hereafter he would forsake his evil ways and become a better man. It was largely through the instrumentality of L. S. Lake that the case was so thoroughly worked up against Shiller and he was given his just deserts.
