Fires Peril Trade Areas Of 3 Towns

Quogue Business Structure Ruined, Shores Damaged at Huntington and Patchogue.

Three fires, which again struck the towns of Quogue, Patchogue and Huntington, were attributed to human agency, it was believed, yesterday.

A three-story building on Main Street was occupied by the Grocer's Hardware Store, located at the corner of Main and Lincoln streets, and a neighboring building, was burned.

The fire started about 7:30 o'clock in the morning.

Firemen from Patchogue and the neighboring villages were called out, and they arrived on the scene about 8 o'clock.

The fire was under control when it was reported that the flames were creeping toward the town hall and other buildings on Main Street.

Several persons were said to have been inside the building when the flames began to spread.

The firemen had to cut a hole in the roof and remove the window frames in order to get at the flames.

The building was insured for $7,000, and the contents were valued at about $10,000.

The firemen were able to get the fire under control before it did any serious damage.

It is understood that the fire was started by a man who was employed in the store.

The building was burned to the ground, and the contents were destroyed.

Old Catchogue House Will Be Reconstructed

The City Council of the town of Catchogue has voted to reconstruct the old Catchogue house, which was burned to the ground several years ago.

The council has appropriated $2,000 for the purpose.
