THE DOUBLES TOURNEY ON AUGUST 14
 The Staten Island Tennis League that entries are being received for the Staten Island doubles championship tourney which will be held on August 14 at the Clifton Tennis Club. The entries are being accepted by Kennedy Randall, of 129 Townsend avenue, Stapleton, and the closing hour for accepting them will be at 9 p. m. August 13.

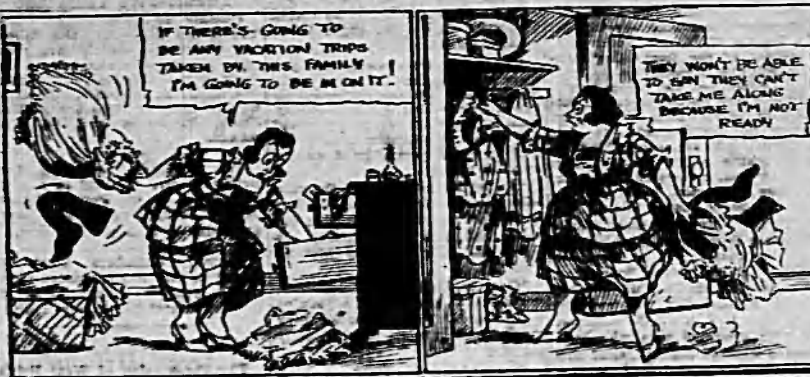

In the case last year, the tournament committee plans to have the tourney over two week-ends. Starting on Saturday, August 14, it will be continued on the next day. Then, unless the field is too big, it is expected that all rounds up to and including the semi-final round will be completed on Saturday, August 21, and on Sunday, August 22, the final round will be staged. Play will begin on each of the four days at 3 p. m.

The tournament is open to all members of all Staten Island clubs, as well as to any resident of Staten Island. The entry fee is placed at three dollars a team.

This season's doubles tourney will surpass in interest, excitement and calibre of competition anything ever seen in local competitive tennis practically goes without saying. The present season has seen a tremendous amount in activity among the various clubs, and the most interesting feature of it is that numerous reports are being made in their own right.

In the doubles tourney, which is to be held on August 14 at the Clifton Tennis Club, the teams include the following: Ken Fisher, hard to win in the doubles tourney, which was won by the Clifton Tennis Club for the time, the latter vanquishing the Staten Island Cricket Club team in the final round, has helped to win all the local players in the local tennis tourney. He has been fighting, however, right along at out-of-town clubs and who knows but what he has got something up his sleeve whereby he hopes to square accounts with his great little rival, William the Red.

DOWNEYS AGAIN BEAT LINCOLNS

Campbell in Rare Form Yields But Three Hits—Score 12 to 0

At the Catholic Protectors Grounds in Westchester Sunday the Downey shipyard baseball team defeated the Lincoln Giants, colored champions, by a score of 12 to 0.

Notwithstanding the one-sided score, the game proved an interesting one, and the fans stayed until the last man was out, expecting a batting rally by the Giants to win the game for them.

The game was played in a drizzling rain for seven innings, which made good pitching difficult, but Billy Sheehan, the Downey pitcher, hurled a brilliant game.

The Downeys seem to have the "Indian sign" on the Lincoln Giants as they have now defeated them three out of four games this season by 9 to 0, 12 to 2, and 10 to 1. The Lincoln defeated the Downeys by a score of 5 to 3. Both Downey's Brown and Heine Zimmerman's Bronx Giants want the Downeys for their attraction next Sunday, but they had previously been booked to play a return en-

Important Notice to Umpires

Umpires of all games in the Daily Advance Junior Baseball League are hereby requested to mail to The Daily Advance a complete report on all games in which there is a forfeit awarded, giving in detail why a game was forfeited. Hereafter, notice of games taken by forfeit will not be recognized in the standing of the clubs unless reported in a signed statement by the umpire.

Incidentally, there seems to be an awful lot of protesting in the league. In fact, a whole lot more than is good for the league. If the teams in the league desire their league to go through to a finish, we wish to warn them that they must put a speedy end to much of this protesting as well as the reasons for it.

Much of the protesting has been about umpires and this is one point which we will not interfere with. It is a matter that rests entirely with the managers of the teams. It is up to them to see that for the interest of their game they appoint good umpires who

Let us play this league strictly on the level, fellows, and cut out the squabbling or there is apt to be no league at all. Rival managers should get together before a game, select someone they consider a good umpire and be willing to accept his decisions as final.

Blue, and he's Irish through and through. Does anybody here know Murphy? Murphy with his green, green pants. Thus warbled a happy Irishman in the bleachers at the Mount Royal Arena last night, after Willie Murphy of New York, thus far to Montreale's unknown, and thought by many to be a ringer, though the management denies this, had put it all over Young Lewis. Murphy was much less rugged than the local man and must have weighed pounds less.

But what he lacked in weight and ruggedness he made up in pep and knowledge of boxing backed by a fighting spirit that must have been bred into him from many generations.

As a boxing bout, his encounter with Lewis was a farce, and with all respect to Referee Jimmie McKimm, who as a rule makes a very good third in the ring, the latter was a good deal to blame for allowing Lewis to hold three-quarters of the time which the bout lasted in palpable attempts to save himself from punishment and tire out his opponent by imposing the full weight of his (Lewis) body on Murphy's shoulders.

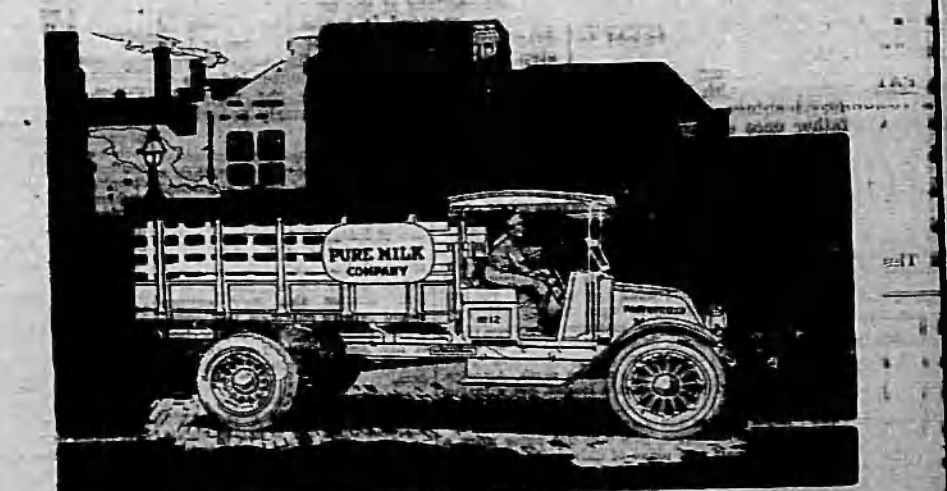

Owing to Lewis' tactics the bout almost became an exhibition of wrestling, for as a boxer Lewis is a fine wrestler, but Murphy would not have it. When Lewis would not come to him he went to Lewis, and before Lewis could wind his tentacle-like arms around him, Murphy usually got in a few telling blows.

Therefore, thanks to Murphy's wholehearted aggressiveness there was a fight after all, for he compelled Lewis to defend himself at times, but as to the merits of the two men there was no comparison. It is to be hoped that some day Murphy may appear again in the local ring, but better matched in regard to weight pariticularly.

On The Job

Whether it is milk, farm produce, coal, merchandise or oil—in the cities, fertile valleys, on the desert or in the mountains—International Motor Trucks are "on the job" hauling their load the greatest distance with least expense. It takes time and skill in manufacture to gain a reputation like this, but wherever you find an International Motor Truck you will find a satisfied owner.

Over three-quarters of a century of manufacturing experience and over ten years' experience in building motor trucks and tractors is back of every International Motor Truck that we sell. The sturdy construction, the "built-in" service, the low-cost mileage is evident in every line of this useful truck.

No matter what you have to haul or where you want to haul it, there is an International to meet your requirements. We do not want to burden you with a mass of technical detail, but if you will come in to our salesroom we will present proofs of performance that will convince you that International is on the job and making good in a big way. A variety of body styles and types— $\frac{1}{2}$, 1, 1½ and 2 ton sizes.
