A YOUNG MAN

safed us recently if it would be a good in-
vestment for him to buy a woman. He did
not expect to keep her for more than a
little in pay days, but wanted something
that would COMPEL HIM TO SAVE his
money. We showed him that such an invest-
ment would COST HIM 7 or 8 per cent, each
year for inter-

est and in some instances on what he had to
pay back

on the whole price of the lot and would pro-
duce no income. The savings deposited in the
Savings Bank WOULD EARN FOUR PER
CENT. For him, that the best way would be to
Save the money and buy for each when he was ready to

Educate yourself too, or be saving for a pur-
purse. Come and help it over.

THE VITAL PART OF YOUR CABINET

The price of cabinets has come down to the
amount that a man who has just enough to
live on can easily afford. A cabinet what
has to pay in taxes is not buying a cabinet but
looking out for a safe place to put his things.
