Our base ball team went over to Madrid on Saturday to play the Madrid team. They were defeated by a score of 6 to 7. There is no disgrace in such a defeat however, as our boys are all young, out of the high school, who never played before this season, and we are told they went up against most of the old Madrid team, at least players of note.

**STORY OF TWO SWALLOWS.**

They Built a Nest in a Gentleman's Bedroom and Made Themselves at Home.

One morning two swallows flew into the bedroom of Mr. Chapman, of Frocester court, Gloucester, and after several other visits, at last built a nest in the room. In due course four eggs were laid. While the mother was sitting the nest was never allowed to attend to the room, but whenever she went near the nest the bird flew off. If a stranger or any other member of the household entered the room she flew away at once. Mr. Chapman, however, was especially favored, just as if they knew that he was the landlord and might press them for rent. He could remove the nest from the room, place her back, or handle the eggs, and they never said a word. The eggs having been hatched, Mr. Chapman noticed that the father always fed the same two youngsters, and the hen always the other two. He tried to puzzle them by mixing up the babies, but the parents never mistook one pair for the other. When the fledglings were able to fly, the whole family went out for the day, returning at night. One morning, however, they did not go out, but, instead, all perched on the rail at the head of the bed and kept up a ceaseless twitter for fully an hour. Then they took their leave for the year. Mr. Chapman kindly took means to prevent the window from ever being closed.

**DOG KILLED BIG WILDCAT.**

New Hampshire Foxhound Encountered a Fierce Opponent and Came Out Victorious.

In a fight between a foxhound and a wildcat, the betting man would be inclined to place his money on the latter, and feel that the percentage in favor of his winning would be great enough to satisfy any reasonable man looking for a gamble. Nevertheless, a good, husky wildcat was put to the bad by a foxhound in Charlestown, N. H., a few days ago, which shows that it is no "cinch" to bet on the wildcat. No one saw the fight in which the wildcat, in this particular instance, came out second best, but the results were very much in evidence.

William Swan, proprietor of the Eagle hotel, in Charlestown, recently went out on the hills, east of the village, to see if he could start a fox. His dog Sport had not been running long before he gave tongue, and, as Mr. Swan thought, was in hot chase after a fox.

In the course of 15 or 20 minutes Mr. Swan got sight of the dog and the animal he was chasing, but at too great a distance to take a shot at it. It was near enough, however, for him to see that it was no fox the dog was following. It looked formidable enough, too, to make the hunter think it would be well for him to fix himself with ammunition different from that which he used to shoot foxes.

**SPORT AND HIS MASTER.**

He went to where he had left his horse, drove to the hotel, got satisfactory ammunition, and was half way out to the hills again when he met the dog, limping home.

Despite his lameness, Sport apparently was quite willing to go back again, and piloted Mr. Swan to where he, only a short time before, had had a very strenuous and interesting time.

There was a dead wildcat in the middle of a plot of ground 20 feet square. All around the space were evidences that there had been "something doing." The light brush was broken, and scattered about indiscriminately was a lot of hair and numerous bloodstains. That was all. Sport could not tell how things happened to be that way, but he seemed to be pretty well satisfied with his own part in the mix-up, and the way he had come out of it.

He had been bitten in the right fore leg at the first joint, and his nose and ears were scratched somewhat, but there were no very serious injuries.

The wildcat's back had been broken, and one of its shoulders was lacerated. It weighed 20 pounds, and certainly looked as if it might have been able to put up a fight.

Killing domestic cats is a mere pastime for this dog Sport, and perhaps, in his experience in this line, he picked up a few points that were of use to him in his fight with the wild one.

Except a temporary lameness, he suffered no ill effects from the encounter, and Mr. Swan is avowedly glad he is likely to get a "swelled head" and worry the pet cats in the neighborhood more than ever.—Boston Globe.

It's a combination to conjecture with, and you'll find them all here and ready for your approval and selection.

**WE ARE PROUD TO INVITE YOU TO INSPECT THE NEW MERCHANDISE**

**The New Dress Stuffs**

Always first on the list of a season's Dress Goods matter much careful thought and so have we. Will you kindly compare notes with us and see how near we come to your conception of what the new gown ought to look like, and what it ought to cost. You can depend upon our doing our level best to please you in this most important matter of gown choosing.

**New Wash Goods.**

Spring has almost blossomed into Summer here. The bright, airy freshness of the fabrics of this Spring's weaving puts all former efforts of the makers in the shade. Perhaps it's a little early to wear these breezy fabrics, but there's a deal of planning and sewing before ere the hot weather comes. Why not anticipate a little and thus get first pick and choice of all this woven worthiness, then it's off your mind when wearing time begins. Price needn't stand in the way. You'll admit that when you come to make an inspection.

**Housekeeping Goods.**

One of the banner stocks in this store. You'll take pleasure in and derive satisfaction from an investigation of the new Summer lines. Replenishing time is here—in these important items. There'll be new Table Linens to buy, new Towels, Bed Spreads, Sheetings and a dozen other items, perhaps, all needed in the everyday economy of home. Kindly fix your thought on this stock and store for all supplies of this nature.

**SOME OTHER STOCKS.**

Complete in detail, up-to-date in every particular. Just the merchandise that you want, at just the prices you ought to pay. We emphasize: Muslins, White Waists, Silk Waists, Linens, Domestic Bedding, Laces, Ribbons, Handkerchiefs, Notions, Wrappers.

**Spring Hosiery and Underwear.**

Don't believe there is a stock in this store more carefully watched, more honestly catered to, than this hosiery and underwear stock of ours. Don't believe there is any better stock to pick from anywhere. We do believe—in fact we know—that the buying public hereabouts fully appreciate our efforts to sell them good reliable hosiery and underwear at the lowest possible shading of profit. The proof that this stock is appreciated is evidenced by our steadily increasing patronage. The big Spring and Summer stock invites you to an early selection.

**Carpets and Wall Paper.**

Elegant and modern are the new Spring patterns. Intending purchasers who wish to do themselves justice should by all means examine our stock. Remember we are the pioneers in selling all Borders at the same price as papers, and the only firm in all high class goods to date. Also to price by the single as well as the double roll. This is done to meet the system of book agents who price only by the single roll, therefore customers buying from them only get one-half what they suppose they are getting. Our goods are here ready for delivery. No waiting or disappointments, and we take back any left over.

**Ribbons, Laces and Small Wares.**

Each of these departments have been fully equipped with bright, fresh merchandise. We think it is of as much importance to please you in little matters as in the larger transactions. Glad to have you inspect the new goods. Glad to have your friendly criticisms at all times. When anything is wrong 'twixt you and this store we'll be only too glad to right it.

The Canton Commercial Advertiser says: "More than fifty horses were purchased by horse fanciers to be shipped to New York from Canton last week, and all came from here or within a radius of a few miles. This shows that the horse business is still alive and that if a breeder is going to raise colts it pays to raise those that there is a demand for. The purchasers were J. H. Carpenter, White Plains, with a car load; W. J. Driscoll, New York, with a car load, and Clarence Ware, Mt. Vernon with 14. Arrangements are being made to hold a matinee June 1st. There will be about five races on the program, all half mile heats 2 in 8 and 3 in 5."
