

Control your Heat Supply

Perfection Oil Heaters save money, work and discomfort. You have instant heat always on tap—you control your fuel supply—avoid coal hod, ash pan slavery. Carry a Perfection Oil Heater from room to room by its ever-cool handle. It quickly brings low temperatures to the comfort point. It runs full blast for 8 hours on one gallon of **SO-CO-NY OIL**—the inexpensive fuel.

Perfection Oil Heaters are easy to fill, light and clean.

Where Methodist Eyes of the World Will Center Next June and July

Glimpse of Magnificent Exposition Grounds at Columbus, O., being prepared for a display of Methodist activities from all parts of the globe. Inset shows Dr. D. D. Forsyth, Philadelphia, Chairman of the Joint Centenary Committee of the M. E. Church.

COLUMBUS, O.—(Special)—Methodist ministers and laymen to the number of several thousands are getting their concrete notions of what the Methodist Centenary Celebration, to be held here June 20 to July 7, will be like. Attending a special regional meeting, at which men like Bishop Wilson, R. A. Ward and Fred B. Fisher of New York; Bishop McDowell, Washington; Bishop Wane, India; S. Earl Taylor, director general of the celebration; D. D. Forsyth, Philadelphia; C. F. Reiser, New York; Edgar Blake, Chicago, and R. S. Cushman, New York, are speakers, they have still enjoyed an opportunity to visit the exposition grounds where for weeks past work has been in progress preparing for the tremendous celebration for which it is expected that more than 100,000 Methodists will journey to Columbus from all parts of the United States.

The spacious buildings already provided by the state of Ohio are being utilized and extended to meet the peculiar needs of the Methodist Celebration. This will visualize to pastor and laymen the work of the church at home and the work of the church abroad. Here will be seen, with all the fidelity and detail of a world exposition, the natives of all the countries in which the Methodist church operates as a missionary force. Here, too, will be set forth all the work in this country. Essentially the entire world of Methodism will be brought to Columbus and displayed in its original colors and with all the circumstance and surrounding of its various habitations on the globe.

Two special pageants are being planned and many lesser ones. A climax of the celebration will be a symbolic representation of the drawing together of all the nations of the earth through the gospel of Christ.

In order to care for the throngs that are certain to be in attendance an extensive bureau already has been organized. Registrations and reservations already are being made for interested Methodists throughout the United States.

H. B. Dickson, organizing secretary of the Centenary Celebration, is occupying two entire floors of a large office building, with the incidental corps of assistants to take care of the work.

WAR DEBTS MUST BE PAID.

of the Fifth Call Will be Hundred Per Cent. Americanism.

Americans will see in the Victory Loan another and probably the final opportunity to participate in the achievement of the men of the Army and the Navy.

We—all of us—cannot disregard the appeal of the Victory Loan. It is the last testing of our caliber and power as a nation. To neglect it is to throw into the discard all our previous patriotic utterances and acts—to acknowledge that we lack the final punch required to put over the biggest thing in which a nation ever engaged.

The United States went into the war at a time when the nations with which it fought as common allies had almost all virtually exhausted their supplies. Our presence in the conflict called for the raising, equipment and transportation to France of the most impressive army ever sent overseas. While na-

line guns and artillery were sending up in smoke a kingly ransom every second of day and night, Liberty Bonds were sold in this country. The issues enabled us to maintain Pershing's Army in France. At the same time another host of warriors was raised, equipped and kept in the training camps for shipment abroad if necessary. These in France struck at the right moment. The war was won—but we still have an army of one million men in France. The flow of demobilizing units to America continues.

- Otis J. Sample and wife to Mer-ta J. Nichols, \$1; Randolph; 1 1-2 acres.
- Bolsheviki in Rochester**
- Rochester, Jan. 28.—In the arrest here of two foreigners the police believe they have the ring-leaders of a Bolshevist and anarchistic movement in this city. According to the the prisoners there are thousands of Bolsheviki in the city all well organized and regular meetings have been held with in the past few weeks.
- Both the prisoners were heavily armed and had quantities of Bolsheviki literature in their possession which they said was furnished them from New York city for distribution at their meetings here.
- Evidently Uncle Sam has got to do some more housecleaning and why not let the boys do it when they get home and while they are all in trim for the fray?
- Four Year Ban on Emigration**
- Washington, Jan. 28.— Legislation prohibiting general immigration into the United States for a period of four years following the signing of the armistice was tentatively approved today by the house committee on immigration.
- Looks as if the poor souls who want to get away from it all over there and come to America, will have to stay at home or go some where else.
- Farmers who think that manure pits are an expensive luxury should remember that manure stored in the old fashioned way is subject to loss both by leaching and decay which in six months amounts to loss of from 30 to sixty per cent of the total value and volume of its constituents.
- In the Baltic States and Poland relief of an unprecedented character must be extended if the remaining population is to be maintained in any semblance of original health and our people will be called upon to contribute liberally to them.—Herbert Hoover.
- Europe will need every pound of pork products we can export before next July. As soon as the initial chaos of the sudden economic change from war to armistice can be overcome, there will be over demands.—Herbert Hoover.
- In spite of the increasing interest in alfalfa, clover, it is safe to say, will always be far more important in this state than all the other legume crops combined.
- To lengthen the hen's working day by artificial light may seem hard on the hen, but it is good on the poultry man's pocketbook.
- Still another advantage of farm bookkeeping; it enables one to control purchases and credits.

If You Need Glasses

come to

S. G. ENGEL

29 Main Street, SALAMANCA, N. Y.

Notice to Creditors

Pursuant to an order of Hon. Albert A. Bird, Surrogate of Cattaraugus County, notice is hereby given to all persons having claims against the estate of Timothy H. Sweeney, late of the city of Salamanca, Cattaraugus County, New York, deceased, that they are required to present the same with proper vouchers to William Sweeney, executor of the last will and testament of said deceased, at the office of Dowd & Quigley, 52 Main St., in the city of Salamanca, on or before the 20th day of June, 1919.

WILLIAM SWEENEY, Executor Dated Dec. 11th, 1918. 41 6mo

I hope that after having discovered the benefit of fresh and cool air applied to the sick, people will begin to suspect that possibly it may do no harm to the well.—Benjamin Franklin.

There's a reason other than vanity why a woman should be well dressed; it gives her self confidence and ease of manner. To be well dressed does not mean expensively dressed.

Another benefit of farm bookkeeping is that from it may be made in plans, based on accurate farm figures.
