EVERY SCHOOL BUS MUST HAVE MICROPHONE, SIGNS LIGHTS

ALL SCHOOL BUS DRIVERS MUST HAVE MICROPHONE, SIGNS LIGHTS

- A Westfall Chemicals, Inc., has been named as the exclusive distributor in New York state of a new line of road conditioners.
- School bus operators were advised by the attorney general to give a warning to other vehicles, with the law requiring vehicles driving behind a school bus to stop when overtaking or passing a school bus which has stopped to receive or discharge passengers.

The law contemplates the installing of the warning devices in every school bus. The attorney general told the operators that the devices must be used exclusively for the transportation of children.

The law requires the signals to be placed on the right side of the bus, with the front lights facing forward and the rear lights facing back. The devices must be of sufficient size to be visible to other drivers, and the operator is required to announce his presence in the same manner as a school bus.

CULLED HENS PAY 

res $4 TO $5 A HOUR

If you'd like to make $4 or more an hour on rainy days when other farm work is at a standstill, F. E. Andrews of Cayuga County, N. Y., says it's a job for you to do if you're willing to work through the rainy days.

The job, according to Mr. Andrews, is to sort and cull hens that are past their prime. The work will pay from $4 to $5 an hour, and it will provide a good job for anyone who wants to work through the rain.

LEVEL OF LAKE CHAFER AT NEW HIGHS FOR THE PAST 7 YEARS

Detroit—For the second time in as many months, the level of Lake Ontario has exceeded the 248.97 stage, which is close to the all-time high, 251.7 feet, according to the U. S. Survey office.

The monthly report of the office, covering the area from the north end of Lake Ontario to Charlotte, showed that the maximum elevation in July reached 248.97 feet above sea level, in New York. This continuation of a late spring, and the high stage of the lake were also responsible for the continued high stage, the previous highest stage for July, set in 1945, reached 251.7 feet.

Lake levels are measured by the U. S. Corps of Engineers, who conduct surveys of the lake at various points along the New York shore, and the data is published in the monthly report of the office.

The Lake Ontario Water Quality Board, which has been concerned with the discharge of waste materials into the lake, has noted an increase in the number of substances that are being discharged into the lake. This increase is due to the continuing growth of population and the increase in industrial activity in the area.

RESIDENT OF BAY DIES IN HOSPITAL AT THERESA

William A. McPherson, 89, of Rosiere, N. Y., and a resident of Three Mile Bay, died in the Theresa hospital on July 13, at 2 p.m. He had been a patient at the hospital since July 10. Death was due to injuries sustained at the scene of an accident.

Mr. McPherson was a retired farmer and was a member of the Three Mile Bay Masonic Lodge. He was survived by his wife, Mrs. McPherson; two sisters, Mrs. George Mattis, of Three Mile Bay, and Mrs. Erle Intz, of Rosiere; and a number of great-nephews and nieces.

ENGAGEMENT OF COUPLE ANNOUNCED

Mr. and Mrs. John Buskey have announced the engagement of their daughter, June, to Mr. and Mrs. William B. Moore.

Miss Buskey is the daughter of Mr. and Mrs. George Matte of Three Mile Bay. Mr. Moore is the son of Mr. and Mrs. George Matte of Three Mile Bay.

MISS JEANNE L. HERRITT BRIDE OF ALLEN L. MITCHELL

The marriage of Miss Jeanne L. Herritt, daughter of Mr. and Mrs. John L. Herritt of Three Mile Bay, and Mr. Allen L. Mitchell of Rosiere, was held in a double time ceremony at Champion Baptist church, in this village, on Sunday of last week at 3:30 p.m. Rev. William McPherson, rector of the church, officiated.

The bride, given in marriage by her father, wore a long, lace dress in pastel and white. Her bridesmaids were Miss Mary Bell, Miss Mary E. Bell, Miss Mary E. Bell, and Miss Mary E. Bell. The bridal party was in formal attire.
