STREET TALK

BAD WEATHER LEADS TO A CLOSURE OF THE STEEL CITY PRESS

STEEL CITY PRESS

NEW ALUMINUM MILK BOTTLE GLASS IS BETTER

This new sanitary aluminum milk bottle closure now found on all Beres Dairy milk bottles assures a maximum degree of health protection. It completely covers the top and prevents entry of dust, dirt, and other extraneous matter into the tank. It also adds to the appeal and value of the milk. A Beres is a Beres.

NEW PROTECTION FOR YOU

SAFE-HOLD. They were won by his fast-stepping, jitterbugging basketball squad. Although Andy McNalphy belongs to several other clubs and associations, he likes to think that he is representing none of them on the new charter commission. His main idea is to represent the people who have no work to perform and who belong to no club. He aims to give people in the group a voice on the commission and to see that all do their part.

Almost every girl at the Lincoln Annex and in the home Park had a copy of the Press delivered to her porch. "Flip" Filipetti was the nice young man. We suspect that the picture was in it and had something to do with it.
